

WHY DOES SATAN LOVE PORN?

Pornography is evil: Pornography (porneia πορνεία, meaning "prostitution") is an evil which is spread in society today due to the misuse of technology. Its consumption is a solipsistic (selfish) practise that can only lead to a multitude of *evils*: undermining of chastity and purity; the normalisation of adultery, lust, sexual violence, voyeurism, sodomy and homosexuality; the promotion of child abuse, drugs, marital infidelity, rape and abortion; it causes time wasting addictions, consumes youth drive, distances husband and wife, steals the innocence of children, takes advantage of the poor, breaks families, objectifies women.. etc. No wonder why Satan loves it.

What is God's will about it? Time is holy, we should invest it in what is good (Ephesians 5:16). God desires us to be holy like Him and He invites us to live holy lives (1 Peter 1:16). Sex is a holy gift given to us by God, its purpose is to unite husband and wife in marriage, and to let them participate with God in the creation of a new life; it shouldn't be misused purely for selfish pleasure, nor should pornography be promoted by the misuse of Technology, a tool which is a gift from God.

What is the solution? The best solution is self-control: To consciously avoid Satan's temptations, not giving him a chance by keeping them as far as possible and making them difficult to reach. But this isn't always possible, for example in the case of innocent children who might run across evil content online, hence the responsibility of the parents; or when one is already trapped by addiction and needs help. Technologically speaking, there is a solution, given that one is prepared to sacrifice the poisonous websites. Download and install it for free from here:
